

## REMARKS

Claims 1-31 are pending in this application. In response to the Examiner's Restriction Requirement, Applicants elect for prosecution claims 1-10 directed to Group I as listed in the March 28, 2006 Office Action.

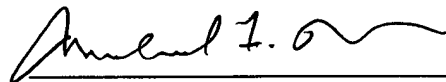

As set forth in M.P.E.P. § 803, if the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though the application contains claims to independent or distinct inventions.

While the color filter and the transfective LCD recited in claims 1-31 may be distinct for the reasons set forth by the Examiner, it is respectfully submitted that simultaneous examination will not present an undue burden, much less any burden.

Under such circumstances, the Examiner is encouraged to maintain all claims in the same application (See M.P.E.P. § 803).

An early and favorable consideration is earnestly solicited. If the Examiner has any further questions or comments, the Examiner may telephone Applicants' Attorney to reach a prompt disposition of this application.

Respectfully submitted,
